MAY SPECTACULAR IN SANDWICH

Our cover and the photos on this page were taken at Heritage Plantation in Sandwich which features rhododendrons by the hundred, in all colors at this time of year. This annual blooming over the large acreage of the plantation draws hundreds of beauty seekers. Our cover is of the unusual sun dial on the grounds with a backdrop hillside ablaze with color. This annual show of nature is just a bonus in the tour of the museums and the Quaker barn full of vintage classic cars.

Low Turnout, Special Election

DEFEAT ALL BUT ONE OVERRIDE QUESTION

With a typically low turnout on June 5, 29.3 percent, 1285 voters of about 3,900 registered, defeated 12 of the 13 questions on the special election overrides. The only question passed was $68,000 override on a vote of 746 yes to 524 no, a slim margin, for trash collection. This will add about 12 cents on the present tax rate, $10.91.

The Mattapoisett Schools and the Old Rochester Regional District Schools, and the Water/Sewer Departments were handed defeats. All will have an effect on the operation of those departments in the coming year and immediate future.

Question 1: $23,613.68 for the local schools - 560 yes and 711 no. Question 2: $98,736 for ORR, as the town's share of the operating expense of the junior and senior high schools - 487 yes and 785, no. Question 3: $25,000 defraying cost for tarring streets and roads - 447 yes and 814 no. Question 5: $250,000 bond issue to defray the town's share of the cost of rehabilitation and expansion of the Fairhaven sewer treatment plant - 564 yes, and 695 no.

Question 6: $69,000 bond issue to pay costs related to an enclosure on the ORR wastewater treatment plant - 461 yes and 805 no. Question 7: $450,000 to allow ORR School District to pay costs related to equipping and remodeling ORR Senior High School - 405 yes and 851 no. Question 8: $6,000 for painting town hall - 543 yes and 716 no. Question 9: $72,000 constructing and equipping a town hall vault - 317 yes and 943 no. Question

At the Selectmen's meeting Tuesday when the election returns came in, neither Selectmen Bernard F. Talty nor Daniel O. Mahoney were terribly surprised at the results.

Selectman Talty said, "After last year's cut in services, we are prepared this year to give people the beach and band, now we probably won't have a music teacher in the local schools. The loss of the new vault is a terrible blow - almost three to one vote. Our records are at a risk, especially with the police station gone from the building. They kept an eye on things in town hall. As far as ORR's $98,000 being turned down we will have to wait to see how Rochester votes on June 27. Marion has already passed both its ORR override questions. If Rochester passes we will be forced to 'find' the money, so we will probably have to go back to another special town meeting to 'find' the $98,000." If Rochester also turns it

down ORR will have to reduce its budget.

Selectman Mahoney said, "I am not overwhelmingly surprised at the defeat of these articles. People are concerned with expenses so they veto the overrides. I do wish more voters would come to the town meeting when explanations of these requests are made. It troubles me."

Mr. Mahoney continued, "The loss of the funds to complete the agreement with Fairhaven on the extension of the sewer treatment plant and added capacity is a lost opportunity. It won't come for a long time. We have already spent money on this agreement. Now we cannot follow throug on our part of the agreement with Fairhaven. We are obligated to pay our share of the renovation."

Mr. Mahoney commented, "How can we keep ahead when we are allowed only a 2½ increase and inflation and wages go up five percent. We cannot shrink the schools, but will have to provide less services. Even the rubbish article that passed received only a small acceptance vote."

In commenting on the loss of the school questions, Mattapoisett School Committee member Maureen Best said, "We will be in a holding pattern until we have a school committee meeting and see where we stand with funds. I was a little surprised at the vote and felt we would have fared better. We have previously cut the budget before we went to town meeting."

Committee member Best also commented on remarks made in the Standard-Times by Kath-

INTO FAMILY EYE CARE

What is the difference between sunglasses purchased in retail stores and sunglasses purchased from opticians?

The most important difference between the two is the standards which these glasses must meet. Sunglasses or eyeglasses purchased from an optician have to meet certain standards set by the state and federal government. Glasses purchased in a drug store do not have to meet these standards. Secondly, if a pair of sunglasses purchased at a drug store should break or be lost you would be out the whole pair. On the other hand an optician can provide you with replacement parts for a pair of sunglasses purchased at his office. This would save on replacement costs.

erine Roberts-Gaudet, who is not a member of the school committee, as was quoted. "My personal feeling is that I resent the fact she was listed as a school committee member. Historically, the school committee has turned back monies to the town. Times are tight now, we realize that. In a small community we like to keep good relations with the public and comments like Mrs. Gaudet made can hurt. I don't compare the acceptance of the rubbish and the loss of the schools' funds as people not caring about the schools."

Town Clerk Lois K. Ennis said she was not surprised at the vote. "I haven't heard anything positive being said about the questions,"

The Water Commissioners are concerned about the failure of its three questions, especially the one requesting monies to complete the agreement with Fairhaven on the expansion of sewer capacity. With the loss of the repair of North Street sewer line, the department will lose federal and state monies to do the work. Everything lost this time will only cost much more at a later time, the Commissioners noted.

electrical wiring at Shipyard Park.

Christopher Jaskolska of the Lions' Club proposed to Selectmen last Tuesday that another electrical service to Shipyard Park would eliminate the problem of extension cord and would make it safer on the Lions' Club Harbor Days or for any other activity there.

"Our idea, if permission is granted, is to install a telephone pole on the east corner of the park. The electric service and meter would be boxed and locked up. Another distributor box would be underground near to the water. This could reach more of the park for future groups who use the park. The Lions' Club will pay for the meter," Mr. Jaskolska said.

Selectman Bernard F. Talty, who chaired the meeting in the absence of Chairman John DeCosta who was on vacation, and Selectman Daniel O. Mahoney agreed the Lions' Club should study alternatives as they felt the pole would obstruct the abutter's view of the water and the meter box could be flooded out in a bad storm.

They recommended the service could come from the town-owned building where the harbormaster's office is, even if the line has to go underground rather than from a pole. Especially, Selectman Talty said, if the harbormaster's office is renovated, the new wiring service could be done at the same time. The highway department could dig up the street for the wires, both selectmen added.

Mr. Jaskolska agreed to seek alternatives and return with a new plan.

In other business, Selectmen:

GRANTED A wine and malt beverage license to Gina, Inc., d/b/a Cerulli's Gourmet Foods and Cafe, located at the Ropewalk, Route 6, for the hours 11 a.m. to 8 p.m.

Spokesperson Ann Marie Cerulli said the reason for the request for a change from the present selling of wine and beer to take out of the premises to serving on the premises is "to increase our 'eat-in' sales". She said it would be primarily at lunch time for the present but in the future "we may include it in a buffet and be open later hours. Presently we are open until 6 p.m. but extended hours will be no later than 8 p.m."

No abutters were present expressing for or against comments to the license. However, Ms. Cerulli said she has the oral support of all the tenants in the Ropewalk plus that of Wayne Walega, owner of the Ropewalk.

VOTED TO START this weekend (June 9 and 10) to charge a fee for sailboarders at Ned's Point Veterans' Park from 9 a.m. to 4 p.m. The fee will be $10. per sailboard and this is a launching fee not a parking fee, Selectmen stressed. An attendant will be parked at the entrance to collect the fees.

The restrooms have been checked and are ready.

Selectman Talty explained the town counsel approved the ruling of fees: fees can be set voluntarily by the town; a service must be offered (restrooms and parking); and the fees collected must be returned to the services. He noted last year's funds were used to prepare the restroom for the summer season, and grass cutting and other preparations.

MET WITH Mr. Joseph Pelczar of 1 Hamlin Way, who protested the ticketing of cars parked on the wharf in an area where, he termed, the signs are difficult to read, and are placed inappropriately. He said the police officer was polite and said someone had called the station to complain of the parking. "I paid the $15. citation. The signs do not seem to be in appropriate places as one is on the private property of David Frawley and could be misinterpreted to mean his property. I could not read the other sign from the far side of the parking spaces." He added that everyone at the Water Street Art Gallery was ticketed. "I don't feel they were being flagrantly illegal; I believe they didn't see the signs."

Also present was Laura Anderson of the Art Gallery who said the gallery often has a show opening once a month on a Friday.

"There really should be some provision made for these people. It seems a shame to bring people here and have them get this greeting in Mattapoisett."

Selectmen agreed the signs were not too visible and will check into replacing them with larger signs.

RECEIVED A May 15, 1990 inspection report from Tighe and Bond, engineers overseeing the sanitary landfill and its operation, in which the company said the landfill is at present reasonably well maintained in appearance; however, the recurring problem of leachate control needs to be addressed on a consistent basis, and the question of grading the northerly and easterly slopes must be addressed as prescribed in the state DEP deadline. Also, the metal pile appeared to be manageable; however, because of the presence of remnants of a car's undercarriage, the operator must restrict the metal disposal to white goods only (stoves, etc.).

RECEIVED TWO LETTERS requesting future use of the harbormaster's boat which was voted at the last town meeting to be replaced with a new boat.

Police Chief James F. Moran asked Selectmen to consider having the 15 foot Boston Whaler turned over to the Police Underwater Rescue Dive Team. The dive team consists of six scuba divers who could utilize this boat for training and emergency dive situations. The boat sits on a trailer and can be towed to any beach area for a rescue mission or out of town when divers are requested. The dive team members are also certified divers and have taken emergency diving courses.

If this request is granted, the boat could be parked at the police station parking lot and towed to an area with diving gear aboard when quick action is needed. "I feel this could be a great asset to the Town."

A second letter came from Fire Chief Donald C. Wood who urged that the Selectmen retain the boat for the use of Mattapoisett's public safety departments.

RECEIVED A COPY of a letter sent to Police Chief Moran from Michael R. Poitras, Acushnet Police Chief, thanking Officer F. Mitchell Suzan of the Mattapoisett Police for the assistance he rendered the Acushnet Police on the morning of May 19, 1990. Officer Suzan, hearing that Acushnet officers were looking for a described vehicle, positioned himself near the town line where he observed a vehicle fitting the description. Officer Suzan stopped the vehicle which was loaded with stolen property. As a result, four individuals were arrested and charged with two motor vehicle breaks. "As always, the cooperation between our departments has paid rich dividends.

COUNCIL ON AGING WISH LIST

We would like a volunteer personal shopper escort for two visually impaired seniors on Friday morning, approximately 9:00 to 11:00 a.m., shopping at Shaw's in Fairhaven. This is a great opportunity for a mother who has children in school to assist our fragile elderly.

We are also in need of volunteer shoppers for shut-ins who are not able to go on our shopping van. Since they receive "Meals on Wheels" they would only require light shopping once a week, at your convenience.

LEMON LOAF RECIPE

Many seniors on the previous trip requested this lemon loaf recipe: 6 tablespoons butter, soft; 1 cup sugar, 2 eggs, beaten; ½ cup milk, 1½ cup all-purpose flour, ¼ teaspoon salt, 1 teaspoon baking powder, and grated rind of one lemon. Glaze: ½ cup sugar and juice of one lemon. Cream butter and sugar until light and fluffy, add eggs and lemon rind, mix well; sift flour with salt and baking·powder, add to creamed mixture alternately with milk. Pour into well-greased and floured loaf pan. Bake 1 hour in pre-heated 350 degree oven. Glaze: mix ½ cup sugar with lemon juice. Mix very well and let stand while loaf is baking. Just before taking loaf from oven spoon glaze evenly over loaf. The loaf will absorb the glaze mixture and become moist. Cool on rack before removing from pan.

It was hard to believe that the band members were 4th, 5th and 6th graders when they played so professionally. The seniors enjoyed them immensely and gave them a standing ovation.

All the seniors are hoping for a return engagement as soon as possible.

ester Regional High School on June 2nd, is one of 290 appointees who will become members of the Class of 1994.

Toby received his Certificate of Appointment from his uncle, Cdr. Robert C. Olsen, Jr., at the senior awards night on May 31st. Toby is a member of the National Honor Society, Hockey Team, Homecoming and Prom Committees.

This accomplishment becomes noteworthy in view of the fact that approximately 4800 applications were submitted for the class and that the appointments are tendered based solely on the results of an annual nationwide competition with no congressional appointments or geographical quotas.

The competition is based on performance on either the Scholastic Aptitude Test (SAT) or American College Testing Assessment (ACT), high school academic achievement, and participation in school, community or other activities which demonstrate leadership potential.

Once at the Academy, Toby will join the more than 750 members of the Corps of Cadets striving to obtain a Bachelor of Sci-

eye talk

Q. Is it true that some contact lenses can be worn for 30 days without removing them?

A. Extended-wear contact lenses have been approved by the U.S. Food and Drug Administration for up to 30 days of continuous wear but, in actual practice, wearing time between removals for cleaning generally varies from a few days to a week.

Wearing problems can develop with dirty lenses. Don't be discouraged from trying extended-wear lenses, however.

With professional monitoring by an optometrist using a special microscope, many people have good success with them. The key is to start with a thorough eye examination by an optometrist skilled in prescribing extended-wear lenses and to return for recommended follow-up care.

That may mean visits to your optometrist three or four times a year. Such frequency is necessary to avoid wearing problems. At the same time, your eye health and vision can be monitored.

something about them such as a hobby, goal, favorite color, etc. This project was so successful that it led to a desire to do something special for the departing sixth grade class.

Thanks to Mr. Reed and Mrs. Homer, funding for the T-shirts was provided for by the P.T.C. Thanks to the P.T.C. we had $200.00 donated. Thanks again to Mr. Reed, funding was provided for a set for a set of special heat transfer ribbons. Thanks to Debbie Chase, owner of the Screenworks, for purchasing the T-shirts and selling them to us at her cost. This is not the first time Debbie has gone out of her way to help with school projects and it is people like her that make Mattapoisett so "special". Thanks to Mrs. Brammer who worked many hours at home programming each individual student's sign onto a computer transfer. Many thanks to Lynne Chase, mother of sixth grade Sarah, who ironed each transfer onto the T-shirts. Thanks again to Debbie who offered the use of her machine and shop for Lynne to use. Thanks to Mrs. Blanchette, Mrs. Duggan and the Staff Support Group who purchased the colorful fabric pens that the sixth graders used to autograph their shirts.

On Monday, June 4th, the sixth graders arrived at school as usual. Inside the building a surprise awaited them. Their shirts were hung from the ceiling of the main hallway, creating a "Hall of Fame". Walking slowly with their heads tilted back and a look of pride on their faces, one could hear the following comments: "Wow, There's Mine!", "How did they do this?!", "What a surprise", and "This is awesome".

We will miss the sixth graders and we hope that their memories of Old Hammondtown School are fond ones. Please wear your shirts with pride. They are as unique and individual as you are. Good luck in junior high!

Participants should bring their own lunches, binoculars, and plenty of liquid refreshments; they should meet at the Center at 9 a.m. and will complete the day's activities around 4 p.m.

The cost of the canoe trip is $15. for Lloyd Center members, $20. for non-members. There is an additional charge of $4. per person for canoe rental. Participants are welcome to supply their own canoes.

The Lloyd Center has a limited number of canoes for canoe trips and the education programs it provides for children. These canoes were donated to the Center over the past eight years. To continue to offer and to expand these programs, the Center is in need of more canoes.

The Lloyd Center is seeking permanent gifts or temporary loans of canoes for use in its programs. If your canoe received little or no use, even for just one month, please consider donating or lending it to the Center. As a not-for-profit organization that conducts research and educational programs on coastal issues and resources, your donation would be tax-deductible.

The Center is currently in particularly dire need of additional canoes because of its upcoming Summer Program in Coastal Studies. This program consists of four separate four-week daytime sessions for students in grades six through twelve. Each session will emphasize both field study of

coastal ecology and recreation. The program, now in its ninth year, has proven a valuable way to enrich science education in southeastern New England. The program has more registrants than in any other year, 60, hence the need for more canoes. the children as they tour Heritage Plantation in the morning and again in the afternoon, after the group performs. The children will complete the last part of the their show dressed in their native costumes while they sing Czechoslovakian folksongs.

Shirley Temple Black, United States Ambassador to Czechoslovakia, was invited to attend the concert, but declined because of her full-time duty in that country. Ambassador Black did send her best wishes for a successful performance at Heritage Plantation. Her letter will be read from the stage in both English and Czechoslovakian before the show.

Membership and admission tickets for the day will be honored for this show and will include admission to all of the Museum buildings, exhibitions and grounds. Everyone attending the concert should bring a lawn chair or blanket to sit on, as the Museum does not supply chairs for the public. For more information call 888-3300.

Heritage Plantation is 3 miles from the Cape Cod Sagamore Bridge, exit on Route 6A, then go right on Route 130 to Pine Street and the Museum.

Dad would love the Max ...

A DRIVING AMBITION

If Dad's ambition is a lower score, (and thus more fun on the course,) here's the gift he'll really appreciate for a long time to come.

Maxfli

MAX 357
Dunlop's No. 1 Selling Club for the last 5 years.

From Dunlop, the best. Years of research and planning go into each and every Maxfli club. Scores of tests are performed, and each club model must meet exacting scientific standards as well as exceed rigorous playing tests.

We offer a range of woods and irons designed and priced for all styles of play.

Men's Irons 3 through 9 and Pitching Wedge;
Men's 1-3-5 Woods

The Max 357 is cast from 4-31 stainless steel and features a cavity-back, heel-and-toe weighted head design. The wide sole affects a lower center of gravity, thereby creating a higher trajectory and forgiveness on "thin" hits. The sole is also radiused and cambered making it more playable from uneven lies.
